

CCAA Technical Library

**A members guide to accessing and using the CCAA
Technical Library on the website.**

CCAA 2018 -Fall Educational Conference
Philadelphia, PA October 7-9, 2018

Why have a Technical Library?

- Valuable Member Benefit
- CCS Development and Enhancement
- Education/Training - CCAA is not a “Testing Only” Association
- Member Information Sharing
- Support of our Purpose

What is the “CCAA Technical Library”?

- A Collection of Surveyor Technical Resources
- Informative Educational Materials
- Web Based Archive on CCAA WEBSITE
- Exclusive, MEMBER ONLY ACCESS
- Available in the field to MOBILE DEVICES
- Available for: DOWNLOAD, 24/7 – 365

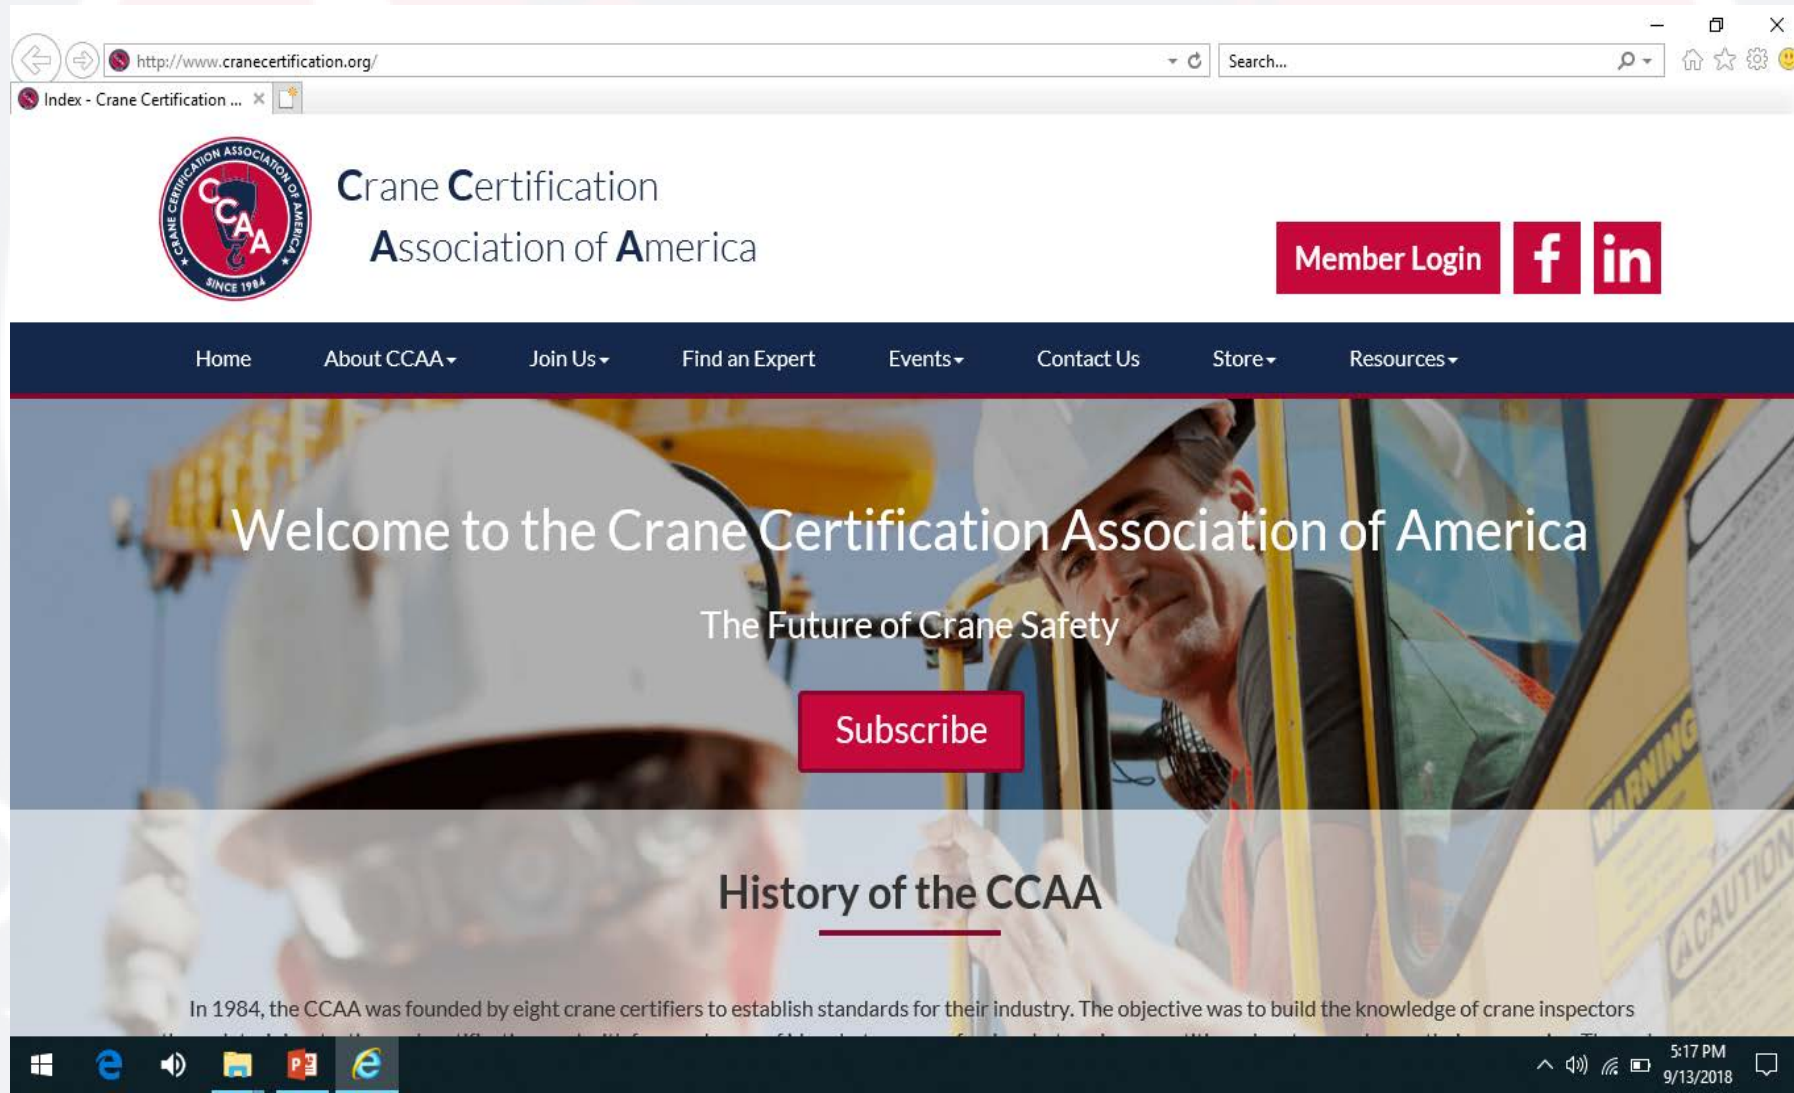

What's in the "CCAA Technical Library"?

- Educational Conference Presentations
- Surveyor Risk Management Docs
- Standards Compendium & Guidance Docs
- Technical Docs – Mobile, Overhead & Tower
- Manufacturer Bulletins
- Newsletter Archives Dating Back to 2003

What do you want to see in the library?

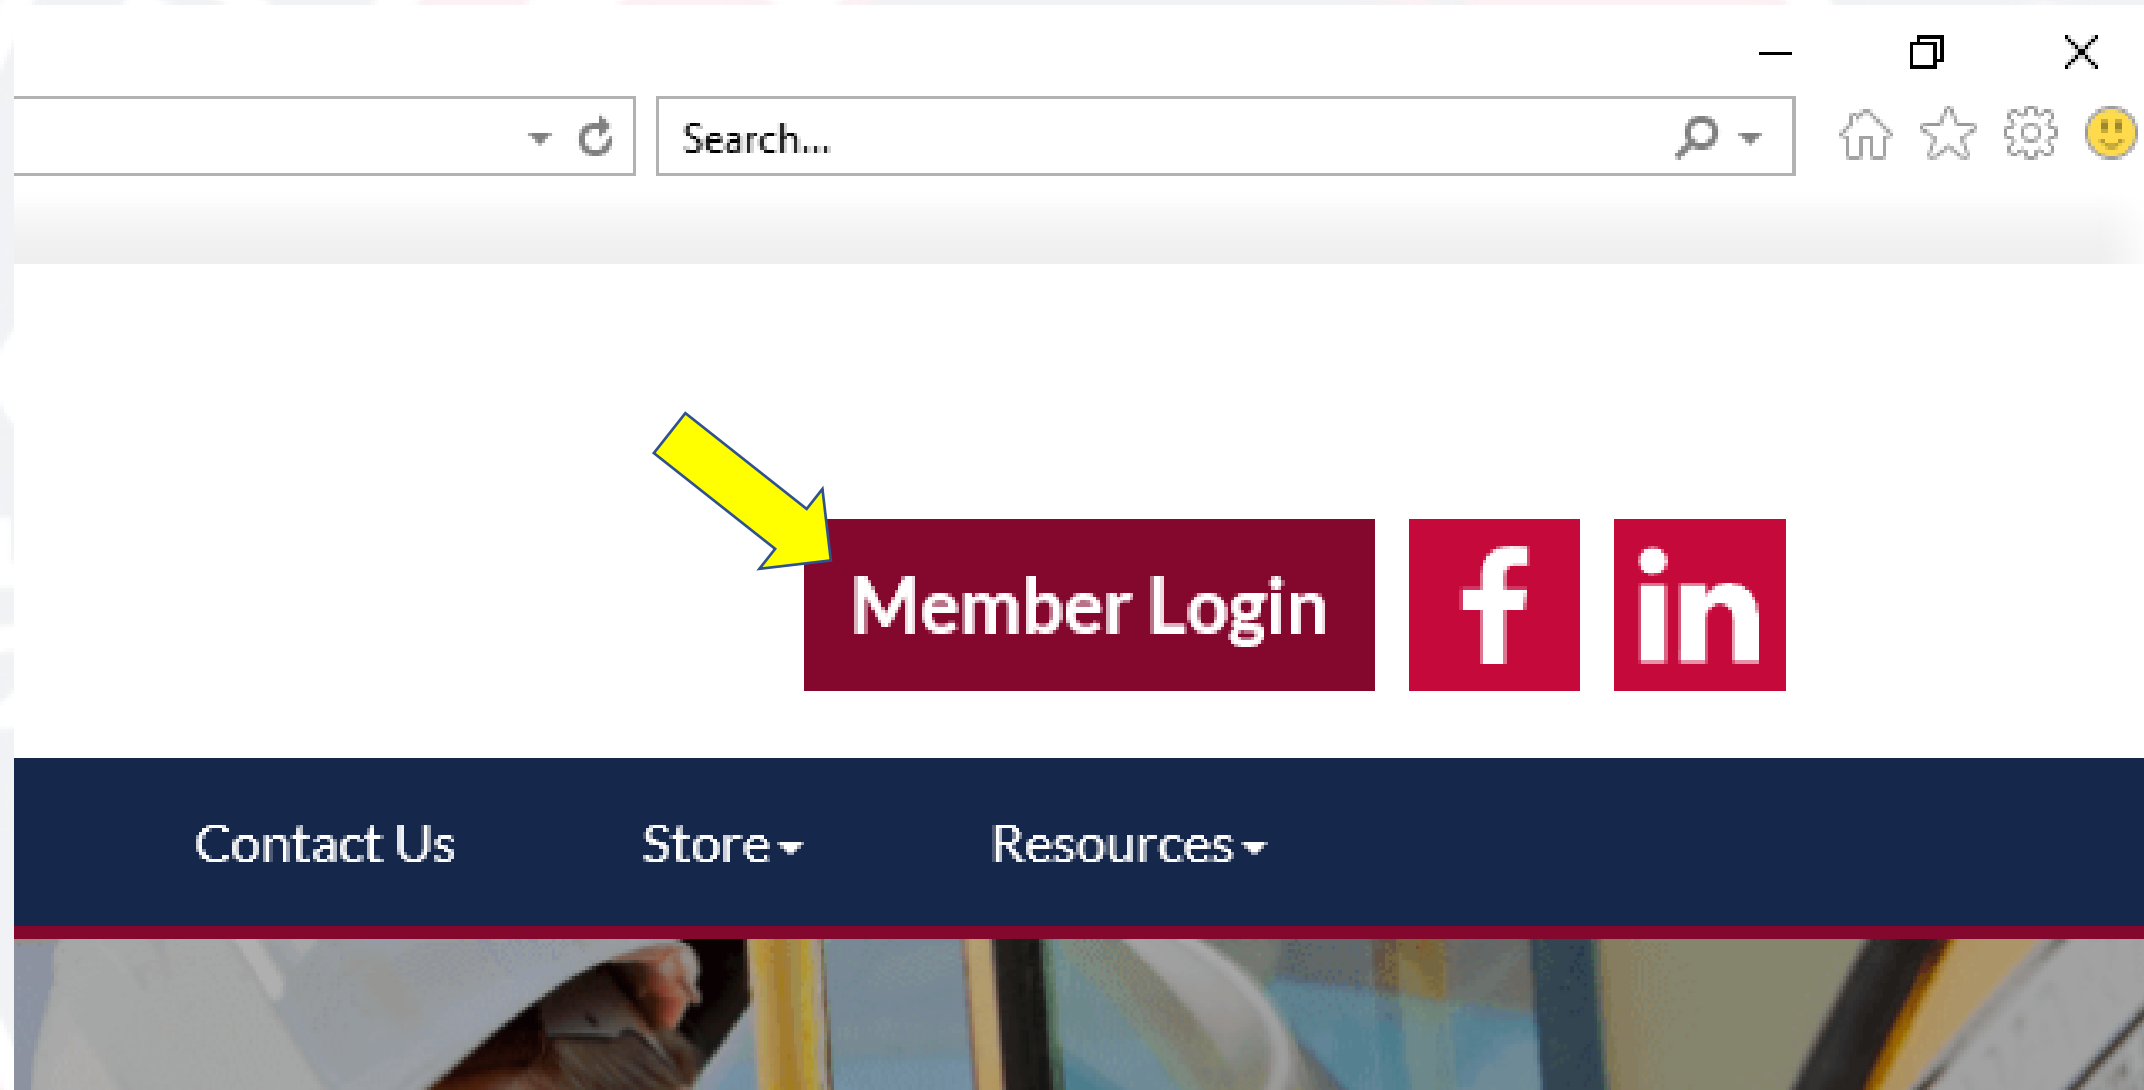

How to access the CCAA Technical Library:

1. Find the CCAA Homepage at: www.cranecertification.org

The screenshot shows a web browser window displaying the homepage of the Crane Certification Association of America (CCAA). The browser's address bar shows the URL <http://www.cranecertification.org/>. The page features the CCAA logo, which is a circular emblem with the text "CRANE CERTIFICATION ASSOCIATION OF AMERICA" and "SINCE 1984". To the right of the logo, the text "Crane Certification Association of America" is displayed. Further right, there are buttons for "Member Login" and social media icons for Facebook and LinkedIn. A dark blue navigation bar contains the following menu items: Home, About CCAA, Join Us, Find an Expert, Events, Contact Us, Store, and Resources. The main content area has a background image of a crane operator. Overlaid on this image is the text "Welcome to the Crane Certification Association of America" and "The Future of Crane Safety". A red "Subscribe" button is positioned below the text. At the bottom of the main content area, the text "History of the CCAA" is displayed with a red underline. Below this, a paragraph states: "In 1984, the CCAA was founded by eight crane certifiers to establish standards for their industry. The objective was to build the knowledge of crane inspectors". The Windows taskbar is visible at the bottom of the screen, showing the time as 5:17 PM on 9/13/2018.

2. Click on the **Member Login** Button

3. Type in your **Username** and **Password**. Then click **Log-In**.

click

elow, and click the Submit button to initiate the process to reset your password.

4. Now you're in the **Member Area**. Navigate to the **RESOURCES** folder icon in the **Member Menu**. Click to open the **RESOURCES** folder.

The screenshot displays the website for the Crane Certification Association of America (CCAA). The browser address bar shows the URL: <https://mms.cranecertification.org/members/members.php>. The page header includes the CCAA logo, the text "Crane Certification Association of America", a "Member Login" button, and social media icons for Facebook and LinkedIn. A dark blue navigation bar contains the following links: Home, About CCAA, Join Us, Find an Expert, Events, Contact Us, Store, and Resources. Below this is the "Member Menu" section, which features six icons with corresponding labels: Members, Events, Communication, Engagement, Resources, and Multimedia. A yellow arrow points to the "Resources" folder icon, with the word "click" written below it. At the bottom of the page, there is a "My Membership Information" section for user "joe cranesurveyor" with a "logout?" link. Below this are links for "My Profile", "Member Information", "Billing Info", "Other Info", and "Admin Permissions". The member number "01234567" is displayed at the bottom left.

5. Click on **File Archive** from the list of categories.

6. Click on **CCAA Technical Library** from the category list.

The screenshot shows the top portion of the CCAA Association of America website. At the top left is the CCAA logo, a circular emblem with a red and white design and the text "SINCE 1984". To its right is the text "Association of America". Below this is a dark blue navigation bar with white text links: "Home", "About CCAA", "Join Us", "Find an Expert", "Events", and "Contact Us".

Below the navigation bar, there is a section with the text "File Archive" and a blue link "Main Menu". Below that is a red asterisk followed by the text "- Password Required".

Next is a search section with the text "Search for your file by keyword" and a form with the label "keyword:" followed by a text input field and a "search" button.

Below the search section is a section titled "Select a Category Below." with a list of four categories, each preceded by a folder icon:

- CCAA MEMBER DOCUMENTS
- MEMBER INSURANCE DOCUMENTS
- CCAA TECHNICAL LIBRARY
- 2018 Fall Conference

A yellow arrow points to the "CCAA TECHNICAL LIBRARY" category.

7. Now click on any of the various folders to open and explore.

TechDoc

Subject: Service Intervals – Manitex Booms

Date: 1/30/2006

Model/Series: All Manitex Booms Trucks and Aerial Cranes

No.: TD10001

This document exists to help clarify suggested service intervals for Manitex Booms. Manitex does not have an official position regarding how often a boom assembly should be completely disassembled specifically for inspection purposes. The following are excerpts taken from the maintenance section of a typical Manitex Crane Owner Manual. The majority of these are general crane maintenance tasks that also apply to the boom and boom components.

CRANE SERVICE INTERVALS *(Boom Related)*
